1. On 15 August 1955, the radar installation west of St. Poelten on the road leading to Witzersdorf was being dismantled. One Kniferest set and one Fishnet set remained unchanged. Soldiers wearing black-bordered epaulets were employed in dismantling of revetments for van-like trucks.
2. The evacuation of the radar installation was completed on 19 August. All installations and the fence were dismantled. The building lumber was shipped away on trucks.
